Saint Helena, the mother of Constantine the Great, was born around the middle of the third century, likely in Drepanum, later known as Helenopolis. Though she came from humble origins, she became the lawful wife of Constantius Chlorus, and together they had a son, Constantine, born in 274. There is a myth that she was the daughter of a British ...

On 12 August 2014, ExCo agreed to the allocation of R1.1m of extra funding to build a new solar farm for electricity generation on St Helena. The new funding has been identified specifically to support only renewable energy projects, and must be spent in this financial year, 2014/15. ExCo was very supportive of this proposal as solar generated electricity [...]

St. Helena was the mother of Emperor Constantine the Great and an Empress of the Roman Empire. Very little is known about Helena's early life, but it is believed she is from Drepanum (later known as Helenopolis) in Asia Minor and born into a poor family and lower class in the Roman culture of the day.
