

Who is Saudi power procurement Company (SPPC)?

A Saudi Arabian entity that has been tasked with procuring electricity generation projects has commenced the process. Saudi Power Procurement Company (SPPC) is licensed as the sole buyer of electrical energy. The government entity is soliciting bids for the development of four battery energy storage system (BESS) projects.

How much will Saudi Arabia spend on energy projects in 2021?

Speaking in 2021, the Saudi government expects to spend \$293 billion on power and energy projects by then. The biggest share of this revenue is expected to be spent on transmission upgrades and renewable energy. The implementation of the world's largest battery energy system (BESS) project progresses as Saudi Arabia begins qualification tenders.

How will Saudi Arabia achieve its 50% goal?

The implementation of the world's largest battery energy system (BESS) project progresses as Saudi Arabia begins qualification tenders. Furthermore, investment is expected to be placed in the distribution network. SPPC noted earlier this week that the newly launched BESS procurement project will help the nation reach its 50% goal.

Where is the 500mw/4hrs al-khushaybi Bess ISP located?

The 500MW/4Hrs Al-Khushaybi BESS ISPSite location: Qassim province, KSA. The 500MW/4Hrs Al-Kahafa BESS ISPSite location: Hail province, KSA. The newly launched energy storage program enables reaching 50% of renewable energy in the Kingdom's energy mix by 2030, and enhances the reliability and resilience of the electric power system.
