

Where can I find a list of solar power plants in Slovenia?

Since 2007, the Slovenian Photovoltaic (PV) Portal has been providing information on solar energy in the Slovenian language. It is the only place where you can find a list of all solar power plants in Slovenia in one place, find basic information on the individual building blocks of solar power plants and find out about new developments.

What is the potential of photovoltaic energy in Slovenia?

Slovenia offers great potential for exploiting photovoltaic energy due to evenly spread solar irradiation. The first photovoltaic power plant in Slovenia was set up in 2001. At the end of 2017, 4,231 photovoltaic power plants had been installed in Slovenia with a total power of 267 MW.

What is the solar power industry in Slovenia?

The solar power industry in Slovenia includes up to 20 companies with an overall annual income of EUR 100 million. Slovenia has installed 2,496 solar PV systems with a total capacity of 31.2 MW of which the vast majority is for self-consumption. Compared to 2018 an increase of 233%.

How many solar panels are installed in Slovenia?

In 2019 Slovenia installed 2,496 solar photovoltaic systems with a total capacity of 31.2 MW of which the vast majority is for self-consumption. Compared to 2018 this is an increase of 233%. The growing number of prosumers in Slovenia mirrors the trend in Europe.

How many countries does Suntek supply photovoltaic modules to?

Founded in 2001, Suntek has supplied over 22GW photovoltaic modules to more than 100 countries.

Can a PV system be installed for self-consumption in Slovenia?

A PV system for self-consumption in Slovenia could be installed with a maximum capacity of 11 kW. The surplus of electricity is stored in the grid while the calculation is done once a year. Last year 2,482 PV installations for self-consumption were installed. Their capacity was 30.68 MW.

In 2019 Slovenia installed 2,496 solar photovoltaic systems with a total capacity of 31.2 MW of which the vast majority is for self-consumption. Compared to 2018 this is an ...

In 2019 Slovenia installed 2,496 solar photovoltaic systems with a total capacity of 31.2 MW of which the vast majority is for self-consumption. Compared to 2018 this is an increase of 233%. The growing number of ...

Ook verkoopt Suntek Solar Glas Glas panelen met 35 jaar vermogensgarantie! Ons doel is om de wereld te veranderen en energieoplossingen voor de toekomst te creëren. Wanneer u vragen heeft wilt u natuurlijk

zo snel mogelijk geholpen ...

Nina Hojnik, the director of the Slovenian Photovoltaic Association, speaks to pv magazine about new provisions for large-scale solar in Slovenia. She discusses several regulatory obstacles to...

At Suntek Solar, we specialize in delivering high-quality domestic solar PV system installations for solar PV companies. Our commitment to precision and speed ensures that your projects are completed quickly and efficiently, allowing you ...
