Welcome to The Solar Zone. The Solar Zone specializes in the design, supply and installation of off-grid and grid-tied solar and backup power systems for homes, offices and safari camps using the latest inverter, solar panel and lithium ion battery technology. Most of these components are immediately available from our shop in Maun.

3. Hybrid Inverter - battery ready. Hybrid inverters, sometimes called battery-ready inverters, combine a solar and battery inverter in one simple unit. These inverters are becoming more competitive against solar inverters as hybrid technology advances, and batteries become cheaper. See the detailed hybrid/off-grid inverter review for more ...

However, to truly harness the potential of solar energy, connecting the solar panels to an inverter is essential. The inverter serves as the heart of the solar power system, converting the direct current (DC) electricity produced by the ...
