

The St. George PV project will be built on the brownfield site of the former Silistra airport, in the northeast of Bulgaria. Rezolv said that the 229MW site will comprise around 400,000 solar ...

Swiss energy storage company Leclanché has broken ground on a US\$70 million solar and storage microgrid project in St Kitts and Nevis. The system will include a 35.7MW solar farm and a 14.8MW ...

MNRE confirmed that from 1 June 2026, all solar projects under the ALMM scheme must source modules and cells from Indian manufacturers. Australia awards 2.8GW of solar in first CIS tender round.

Saint Barth Solar, votre entreprise spécialisée dans le domaine des énergies renouvelables solaire. L'énergie solaire, l'incontournable de notre futur. Composée d'une équipe de professionnels regroupant un grand champ de ...

PV Tech has been running PV ModuleTech Conferences since 2017. PV ModuleTech USA, on 17-18 June 2025, will be our fourth PV ModuleTech conference dedicated to the U.S. utility scale solar sector.

The province's first solar-plus-storage project was only given approval in April of that year, combining 13.5MW of solar with 8MW/8MWh of batteries.. Alberta-headquartered developer Greengate Power Corporation established a project subsidiary called Jurassic Solar to begin development on a project called Jurassic Solar+ in early 2021.

Quinbrook and Primergy claimed the Gemini is the "largest co-located solar plus BESS project in the US". That claim may be contested by IPP Terra-Gen which reached full completion on its 875MWdc solar PV and 3,287MWh BESS Edwards & Sanborn solar-plus-storage project in California, at the start of this year.

The project will include 3.5GWp of solar PV generation capacity and a 4.5GWh battery energy storage system (BESS), which will be built across 3,500 hectares of land in the two provinces of Bulacan ...

"This project is a significant step forward in our commitment to sustainability and environmental responsibility." About Yacht Haven Grande, St. Thomas, USVI As a flagship marina of IGY's global network, Yacht Haven Grande, St. Thomas continues to establish new standards within the global industry with this new solar power project.

Emblematic projects have been carried out by Sunna Design and its partners with the deployment of solar street lighting solutions, ISSL Maxi Area around the Colombier tennis courts. We have also installed six iSSL ...

Offgrid solar energy in St Barts. The island has a tropical climate, with high temperatures and humidity throughout the year. This makes it a good location for off-grid solar systems, as there is plenty of sunlight available. Offgridinstaller ...

Emblematic projects have been carried out by Sunna Design and its partners with the deployment of solar street lighting solutions, ISSL Maxi Area around the Colombier tennis courts. We have also installed six iSSL Maxi 4 around the parking area of the Lorient church in Saint Barthélemy. The FBM electric vehicle garage also purchased solar ...

The 63.3MW Calatagan Solar Farm, which was the largest in the country when it was commissioned in 2016. Image: Solar Philippines. The Board of Investments (BOI) in the Philippines has given a "green lane certificate" for a solar and storage project said to be the largest in the world, enabling it to proceed at a quicker pace.

The 9.9MW Gardno solar farm is the Sun Investment Group's largest operating project in Poland. Image: Sun Investment Group. The Sun Investment Group (SIG), a European solar power developer, has ...

The project will be split across two sites in Skopia and Kalithea. Image: Lightsource bp. Joint venture Ameresco Sunel Energy SA has started constructing solar developer Lightsource bp's 560MW ...

Solar Philippines New Energy Corporation currently owns 100% of the project, and it wasn't revealed how large a stake Actis plans to take or what the value of that investment will be. In August, the Philippines government fast ...
