

What is HanTile solar roof?

Based on Hanergy's MiaSol's high efficiency Thin Film cells, the Hantile is the ultimate roof application of thin film. Finally all visible surface of a curved solar roof tile can be efficiently used, making it possible to get maximum yield of a tile roof. Under all circumstances.

Can a solar roof be integrated with a planum tile?

Our Solar tile combines perfectly with our Planum ceramic tile, so the system will be fully integrated with the roof. Planum Solar tiles are made from premium mono crystalline cells and the glass technology that surrounds them is very sturdy and durable in extreme weather conditions.

What is a combined solar roof tile and a battery solution?

The combined solar roof tiles and a battery solution offers an easy-to-use monitoring system so you can track your solar roof system's performance, monitor the amount of energy it stores and how much you're saving on your energy bill.

What are autarq solar roof tiles?

Roof tile and solar module in one. Autarq solar roof tiles are original roof tiles with integrated miniature solar modules. They are almost indistinguishable from regular roof tiles and blend seamlessly into the overall aesthetic of your roof. Gain freedom from electricity suppliers and soaring prices.

Should solar panels be installed over traditional roofs?

Solar panels installed over traditional roofs can suffer from weather-related problems and compromise the roof construction. The EU-funded TilePlus project designed new roof tiles with embedded tough photovoltaic cells. This would allow millions of homes across Europe to produce their own energy.

How to choose a solar roof?

Choose the size of your Autarq solar roof freely and depending on your energy needs. Just as durable as original roof tiles. Transform your roof into an attractive power generator - regardless of its shape or size. The Autarq system is modular, making it perfect even for complex roof surfaces.

In the EU-funded TilePlus project, researchers designed a new generation of roof tiles, with photovoltaic technology seamlessly embedded. The tiles provide all the protective properties of normal roof tiles, while offering a way for residents to ...

Volt revolutionises solar energy generation with its cutting-edge solar tiles, transcending the limitations of traditional rooftop solar systems by seamlessly integrating renewable energy into the very fabric of your roof's design.

The 335Wp panel is now well recognised in the industry, and on properties throughout the UK and Europe. A Perfect solution for domestic properties with smaller roof areas, or obstacles in the ...

This allows Volt to interconnect and lock into place with other volt solar tiles and standard roofing tiles, concealing itself within the roof profile, instead of being mounted on top like a standard panel. Architects. Volt empowers architects to ...

Solex PV Tiles. Our patented solar power tiles provide electricity for your home or business, whilst blending in seamlessly with your roof. Each roof intergrated tile provides emmission-free electricity to offset rising energy bills and reduce your ...

Een klassiek pannendak of leien op je dak en geen zin om vloekende zonnepanelen hier bovenop te leggen? Met Solartiles bieden we jou een esthetische oplossing, onzichtbaar en volledig ...

With E-Tile+, 20-30 million roofs across the EU, could be targeted to harvest solar energy. Furthermore, our unique and patented tiles contacting approach (plug-and-play and parallel ...

The installation process involves a full retiling of your roof, using both solar and non-solar tiles to create a seamless new roof. Our team starts by surveying your roof to ensure it is suitable for installation before booking your project and ...

In the EU-funded TilePlus project, researchers designed a new generation of roof tiles, with photovoltaic technology seamlessly embedded. The tiles provide all the protective properties ...

Planum Solar tiles are made from premium mono crystalline cells and the glass technology that surrounds the is very sturdy and durable in extreme weather conditions. A pitched roof improves the thermal efficiency and Planum ...

Autarq solar roof tiles are manufactured in Europe. Seamless design. Our solar roof tiles blend seamlessly into your roof. Maximum flexibility. Our modular system fits almost every type of roof. Plug-and-play installation. Install our ...

The GoodWe Sunshine Series is an integrated solar roof tile solution for pitched rooftops to replace traditional solar panels and framework for a sleek, aesthetically-pleasing result, that also maximises your rooftop space for more ...
