

What Is Solar Star? Solar Star used to be America's largest solar farm. For a moment, it was the largest in the world. It hit most of its records in 2015, but other solar farms have been built since that exceeded its size and power generation capacity. The project is the brainchild of well-regarded solar panel provider and installer SunPower.

At Solar Star Power, we're your premier choice for solar panel installations across the Midlands and the United Kingdom. Specialising in high-performance PV products, we offer the sophisticated Aiko solar panels in mono and dual-glass modules, bringing both performance and aesthetics to the forefront of our installs. Along with Aiko, we install ...
