

Ensure the accessibility of your data with uninterruptible power supplies (UPS) from Staco Energy Products Co. Available in 1 kVA, 2kVA, 3 kVA, 6 kVA, 8 kVA, and 10 kVA, the Staco line of single phase, online uninterruptible power supplies delivers true, high-quality, online power, with low distortion, plus sine-wave output to power any combination of linear and non-linear loads.

Staco offers a broad range of power quality products and the expert knowledge to know which technology is right for you. [VIEW ALL PRODUCTS](#) Uninterruptible Power Supplies (UPS) On-Line Double Conversion topology provides the highest protection to mission critical facilities.

FirstLine PLT. 50-60 kVA Three Phase, On-Line Double Conversion, Uninterruptible Power Supply. In the event of an AC power failure, the FirstLine[®] PLT UPS will automatically transfer to battery power and continue to provide power without ...

Staco Energy Products can accommodate multiple pieces of equipment within your facility during a single trip, offering substantial discounts for all services. Contact Service FOR 24x7 / AFTER HOURS SUPPORT CALL 937-253-1191 ... Staco Energy Products Co. provides global service coverage to meet your power service needs. Established factory ...

Staco 924 (Single Phase) FirstLine PL/PLT 924 (Three Phase) FirstLine P 924 (Three Phase) UNINTERRUPTIBLE POWER SUPPLIES (UPS) Staco V (Single Phase) Staco SV (Single Phase) Staco SV+, DOE Compliant (Single Phase) Staco VP (Single Phase) FirstLine PL/PLT (Three Phase) Staco E2 (Three Phase) FirstLine P (Three Phase) FirstLine PE (Three Phase)

FirstLine P 924. 58.5-225 kW Three Phase, On-Line Double Conversion, UL924 Central Lighting Inverter. Emergency Lighting System FirstLine[®] P 924 is the result of your demand for an Emergency Lighting solution tailored to meet your requirements for a reliable, cost effective alternative for Emergency Lighting applications that help ensure the safety of your most ...

Staco V. 1, 1.5, 2, 3 kVA (Universal Tower / Rack Mount) Single Phase, On-Line Double Conversion, Uninterruptible Power Supply. The Staco V pluggable series of UPS provides the highest level of secure, conditioned power protection available for all power-dependent applications, ensuring continuous business operation even in the most demanding of ...

Unlike a standard fixed ratio transformer, a Staco variable transformer is designed to provide variable output voltage that can be adjusted from 0 to 117% of the unit's input voltage. Staco Energy Products Co. offers a wide range of standard models including the following: Panel mount, single phase (fixed and adjustable shaft) Enclosed cord and ...

While Ilinets looked at both passive and active harmonic filters, he opted for active filtering in this instance (10 50A and one 100A StacoSine active harmonic filters from Staco Energy Products Co.) due to the wide range of harmonics present from the servers, disc arrays and switches in the SLAC facility -- plus installation was simpler and ...

Staco Energy Products Company is one of the longest lasting innovators of Power Quality and Voltage Control technologies in the world. In an industry where companies come and go, Staco Energy continues to provide the reliability and continuity you need. We support products we made three months ago, we support products we made thirty years ago.

The first Staco Energy variable transformer was manufactured in Dayton, Ohio in 1937. Since then, Staco Energy Products Company has pioneered improvements in design and construction of equipment for industrial, commercial, medical and military applications: Standard and specialized variable transformers; AC voltage control; Power conditioning; UPS

Staco AVR. Electro-Mechanical 120-600 Volt, up to 2000 kVA Microprocessor controlled series regulation variable transformer topology designed with optional power conditioning elements including noise attenuation and SPD filters with 3-30 second full correction time.

The Staco 924 full range of centralized lighting inverters extend from 0.95kW to 27kW and provide full power protection for all emergency lighting applications. The Voltage and Frequency Independent (VFI) design provides exceptional ...

FirstLine P. 65-500 kVA Three Phase, On-Line Double Conversion, Uninterruptible Power Supply. In the event of an AC power failure, the FirstLine® P UPS will automatically transfer to battery power and continue to provide power without any interruption for ...

Staco recognizes the importance of how vital water and wastewater operations are to residential and industrial customers and the overall community. Reliability and up-time certainly are critical for proper service, plus managing overall costs can be just as important.
