

Why should you choose Sun King solar?

From cost-effective solar lanterns and home systems that provide entry-level access to electricity to powerful, multi-kilowatt-scale solar systems that offer power equity with the traditional electrical grid, Sun King's products meet diverse power and light needs across Africa and Asia. Solar to meet every need. Find the best option for you.

What makes Sun King a great solar company?

The company's customer-focused approach and commitment to affordability drove its rapid growth across Africa and Asia. Today, Sun King operates the world's largest direct-to-consumer, pay-as-you-go (PAYG) solar distribution network, growing by 150,000 new clients per month across seven countries.

Is Sun King profitable in Kenya?

In Kenya, one in five people use Sun King, with 18 million Kenyans benefiting from its operations over a decade. The company's user base in Nigeria tripled in just one year. Despite its rapid expansion, Sun King has remained consistently profitable.

What is Sun King PAYG financing?

Sun King's PAYG financing model makes solar affordable to virtually all off-grid and weak-grid homes, allowing customers to leapfrog electrical grids and fossil-fuel energy sources entirely. Households receive high-quality equipment, which they can then pay off as they use the asset.

What will Sun King do in the future?

Looking ahead, Sun King plans to expand its presence in existing markets and explore new regions where solar energy can make a significant impact. The company also intends to introduce new products and technologies to further enhance the value of solar energy for its customers.

Does Lebanon need solar power?

Lebanon has a target to source 30% of its electricity from renewables by 2030. However, some argue that LCEC and Lebanon's government have played little role in the rollout of solar in the country.
