

Is there a market for roof-top solar energy systems in Timor-Leste?

Australia's Market Development Facility (MDF) and ITP Renewables conducted an assessment of the potential market for roof-top solar energy systems in Timor-Leste.

Is Timor-Leste a good country for solar energy?

Timor-Leste has a high-quality solar resource. The global horizontal irradiance in Dili is higher than on the east coast of Australia, where the solar market is mature and installation costs are higher. The cost of electricity in Timor-Leste for commercial and industrial consumers is high compared to ASEAN countries.

Does Timor Leste have a country Factsheet?

Specifically for Timor Leste, country factsheet has been elaborated, including the information on solar resource and PV power potential country statistics, seasonal electricity generation variations, LCOE estimates and cross-correlation with the relevant socio-economic indicators.

How long does a solar system last in Timor-Leste?

High electricity costs and readily available solar radiation mean that the average payback period for a rooftop photovoltaic (PV) solar energy system in Timor-Leste is only 1.5 to 3 years instead of the global average of 6-10 years. Transitioning to solar can also help the country meet environmental commitments.

What does a solar technician do in Timor-Leste?

Technicians in Timor-Leste have experience in small-scale, off-grid solar energy systems. Commercial or industrial scale installations are more complex and appropriate technical capacity is scarce.

Does Timor-Leste have a demand for solar?

3 MDF survey on understanding demand for solar in Dili, Timor-Leste. Timor-Leste's rooftop PV solar industry is new and undeveloped. Limited availability of maintenance and spare parts inhibits some businesses from switching to solar.

Sunboost is a professional solar power inverter supplier and energy storage battery/ inverter company in China, welcome to contact us! loading. Sunboost is a high-tech enterprise focusing on the R& D, manufacturing and sales of energy storage battery and solar power inverter. sales@sun-boost +86-137 6041 3751.

Get the best solar system for your needs with affordable solar packages from Sunboost, Australia's largest and most trusted solar company. With a 25-year performance warranty, you can be sure that your investment will pay off for ...
