

What does sunculture do?

At SunCulture, we strive to solve the biggest daily challenges of smallholder farmers. We use off-grid solar technology to provide our customers with reliable access to water, irrigation, lighting, and mobile charging, and we can do all of that with a single system.

Why should you choose sunculture?

With SunCulture, you can increase your crop yields by 300% and reduce your water usage by 80% with a simple push of a button. We also offer a Pay-As-You-Grow option that allows you to pay in small monthly installments. We have high standards of quality for both our solar pumps and services.

How important is sunculture's weather model?

SunCulture's weather model and potentially in the future yield models, as well as data such as water table depth maps, represent highly valuable data to lenders and insurers, and other players across the agricultural and environmental value chain.

3 ???· Greece - Cuisine, Culture, Traditions: In the hot summers, social life in Greece tends to be outdoors. In small towns and villages the tradition of the volta continues, when at sundown much of the population strolls up and down the main street or, on the islands, along the shore. In summer and winter much leisure time is passed in the numerous cafés and coffee shops, both ...

For Americans, the quintessential example of Greek music is "Zorba the Greek," composed by Mikis Theodorakis (1964). However, most Westerners are unaware of the song's place within a long history of the Greek musical genre of rebetiko. Rebetiko is foundational to Greek culture as the musical accompaniment to decades of popular protest and revolution.
