

Is solar energy a good investment in Russia?

Even though demand for solar energy in Russia is low, the Moscow-based company, Hevel, is producing solar modules with an energy conversion efficiency of 22 percent, which is the world's highest. In addition to Hevel, only two other companies in the world produce solar equipment with similar efficiency: Panasonic (Japan), and Sun Power (U.S.).

What is Russia's largest solar energy company?

With a capacity of 20 MW, it will power about 4,000 homes and will be launched in September. The Hevel Group ("hevel" means "sun" in the Chuvash language) is Russia's largest solar energy company, and was founded in 2009 by Renova and Rosnano, which have a 51-percent and 49-percent stake, respectively.

How many solar power plants will Russia use in 2022?

In the near future, Russia plans to use another 334 MW of solar power in the Orenburg, Saratov, Volgograd and Astrakhan regions, as well as in the Altai, Buryatia and Bashkortostan republics. By 2022, Hevel plans to build solar power plants with capacity of up to 1 GW.

How many solar power plants are there in Crimea?

Crimea has 13 solar power plants with a total power capacity of 400 MW, but they are not integrated into Russia's unified energy system, and supply energy only to the peninsula. These plants were built in 2011-2012 by Austria's Activ Solar.

Do you need a subscription to access solar power in Russia?

A paid subscription is required for full access. As of July 2023, the Russian company Unigreen was projected to become the leading solar power energy investor in Russia under the second capacity supply agreement (CSA) for renewable energy sources (RES) by 2035.

Does Russia have enough solar energy?

There is no sun there! Well, our data tells us differently." Moscow-based renewables company Unigreen Energy, which has received a government guarantee that it will be paid extra for the power it adds to local grids, said Russia has more than enough insolation-- solar radiation hitting an object -- to produce solar energy.
