The third season of The Roads to Carbon Neutral program, in partnership with CNBC Catalyst, shares an inspiring and optimistic view of TotalEnergies' role in our sustainable future globally through powerful, human-led and on-the-ground stories.. Throughout the series' eight episodes, discover the solutions and innovations making the ...

Electricity demand is set to rise faster than global demand for energy as a whole in the coming years. According to the International Energy Agency's Sustainable Development Scenario, renewable energies will represent more than 35% of the world's energy mix in 2040.

Electricity is the energy of the 21st century. To meet growing demand responsibly, TotalEnergies is investing in renewable energies. As a world leader in advanced batteries, we develop energy storage solutions that are critical to the growth of renewable energies. ...

Paris, July 30, 2024 - TotalEnergies has signed an agreement with Scatec, a Norwegian renewable energy company, to acquire 100% of its subsidiary SN Power, which holds interests in renewable hydropower projects in Africa, through a joint venture (51% SN Power) with Norfund and British International Investment (BII).

Our renewable energy team has successfully deployed more than 1,000 solar and storage projects in the United States and nearly 2,000 worldwide. Our proven experience guarantees the highest quality, customer-oriented service from project inception through construction and operation. Find out more about TotalEnergies' renewable energy ambition.

3 ???· TotalEnergies and Vanguard Renewables, a U.S. leader in farm-based organics-to-renewables natural gas production, announced in April 2024 the creation of a 50-50 percent joint venture to develop, build and operate RNG projects across the United States. The partners are currently advancing 10 projects into construction with a total annual RNG ...

About TotalEnergies Renewables International (TTE-RI): TERI operates in a strong growth and highly competitive environment. TERI maintains a high growth rate, both organic and by acquisitions, on a global geographical scope, often relying on tight schedule complex transactions with high financial, legal and execution stakes.

In June 2023, we signed a Power Purchase Agreement (PPA) to sell Mirny's entire electricity production to the Financial Settlement Center of Renewable Energy, a public entity owned by the Government of Kazakhstan, for the supply of the national grid. The project will provide electricity to 1 million people.
