

What is baobab+?

Baobab+mother company. Baobab is a financial services group with operations in eight countries on the African continent and China. Baobab provides financial services to half a million small businesses, fulfilling its mission of broadening access to finance among those underserved by traditional banks.

What products does baobab offer?

We select quality products to meet the needs of our customers. These products are available through the Baobab network of branches with financing facilities and/or a dedicated credit called ``Baobab Energy Solutions`` for productive use products (solar freezers, hybrid generators...).

Does baobab offer a pay-as-you-go offer?

A ``Pay-As-You-Go`` offer is also available for the acquisition of solar kits & TV and smartphones for underserved customers who are not connected to the electric grid. As a leader in digital financial inclusion, Baobab is aware of the impact of digitalization on the daily lives of our prospects among the communities we serve.
