

What is a Vanuatu solar PV system?

This project is aligned to the Government of Vanuatu's National Energy Road Map for increasing the energy access for rural communities in Vanuatu. The installed solar PV system is a stand-alone 230/400 VAC 50Hz solar micro-grid combined with 48V batteries operating 24 hours and 7 days a week.

How can Etech solar help Vanuatu?

The sun is a powerful source of renewable energy. We can harness that energy to create a sustainable future in Vanuatu and the world. eTech Solar is accelerating the adoption of quality yet affordable solar technology across Vanuatu to conserve our environment and provide an environmentally friendly and sustainable power supply.

Why should you go solar in Vanuatu?

In an era of climate change and unsustainable environmental practices, by embracing solar power Vanuatu can forge ahead with providing affordable, clean energy for all its people. More than ever, a great time to go solar!! Reduce your electricity costs.

How much does electricity cost in Vanuatu?

The country's population of around 599,000 suffer from frequent power outages and very expensive electricity costs. Diesel power is the most type of energy used in the country, which results in costs as high as one US dollar per kilowatt hour. In the Solomon Island's distant neighbor of Vanuatu, things are not much better.

Will a new solar micro-grid change Vanuatu's future?

On the remote island of Malekula, a new solar micro-grid is changing the lives of over 2,800 people -- boosting local development while contributing to Vanuatu's sector-specific target of transitioning to close to 100 percent renewable energy in the electricity sector by 2030.

How can PCs help Vanuatu's island living?

PCS seeks to improve Vanuatu's Island Living through the provision of high quality solutions from reputable suppliers who understand remote living. Solar Lighting Kits with 1 to 4 lights, including solar panel and battery pack. With a USB port for mobile phone or small electronic charging.

With the remoteness of the islands and limited access to centralised utilities, PCS also offers self supporting products suitable for the Vanuatu environment, including solar showers, hand sprayers, personal solar lighting and Lifestraw ...
