

Who are Vitaro energy's clients?

Our clients include national oil companies, multinationals, leading industrial companies and utilities. Vitaro Energy offers a range of high-grade bitumen and diesel products to customers across the construction industry in Romania and neighbouring countries.

How can agrivoltaic solutions improve energy production in Haiti?

Through research and stakeholder engagement, USAID and NREL published a framework to adapt agrivoltaic solutions for minigrid contexts in Haiti. These solutions aim to boost energy production, thereby addressing energy poverty, and increase agricultural yields, thereby addressing food insecurity.

Can solar energy be used effectively in Haiti?

Solar energy can be used effectively in Haiti, offering energy self-sufficiency to the most isolated cities in the absence of a power grid. The country's location in the tropics gives it very strong solar energy potential. It is believed that solar energy will play a fundamental role in access to electricity over the next 10 to 15 years.

Why should you choose Vitaro energy?

Vitaro Energy operates to the highest HSE safety standards. We make supplying quality products a priority at Vitaro Energy. The relationships we have built with producers and refiners enables us to source the highest quality grades, blended and tested by our experts to deliver the products you require.

How can Haiti improve its energy system?

As an island nation with an evolving yet vulnerable power grid, Haiti must strategically integrate resilience into its energy system planning. Leveraging investments in renewables, distributed energy resources, and energy storage is key to improving the resiliency and security of Haiti's power system and electricity supply.

Will USAID and NREL reshape Haiti's energy landscape?

In a bid to reshape Haiti's energy landscape, USAID and NREL will support Haiti's ministries and government in formulating the country's Integrated Resource and Resilience plan, which is a comprehensive energy sector master plan that envisions a sustainable, secure, and resilient energy future for Haiti.
